CHANDRAYAN

Chandrayaan-1 was the first Indian lunar probe under the Chandrayaan program. It was launched by the Indian Space Research Organisation in October 2008, and operated until August 2009. Chandrayaan-2 Orbiter (CH2O) performs an evasive maneuver to mitigate a critically close approach with LRO. On July 21, 2020 we celebrated the Chandrayan day in our college. As part of this we conducted a poster making competition for the students on 21st July 2020. Many students attended the competition and won prizes.

Dr. JUBAILIYA. P (PEN: 469677)
Principal
