FISH POND (SPECIAL CAMP)

Fish pond was built realizing that farming is a great way to earn revenue and provides leisure and pleasure to the students. The pond is 3.5 meters wide and 1.5 meters long. Volunteers dug the pond and filled it with a soil bag, sewed it up, tied the four sides of the pond with it, filled it with old paper and sack, and spread the old flex. Ornamental fish and farmed fish are reared in the fish pond. Haseena V is leading the activities, which was formed under the leadership of volunteers.
