## ELECTION

The institution aims at moulding the young students into responsible citizens and adopts several measures in this dimension. On behalf of this election , the preamble of the constitution has been reflected in students.

The students get accustomed to constitutional values and principles through the process of the College Union Election which has all procedures of a proper election like appointment of a Returning Officer from among the staff, submission of nomination, campaigning, abiding by election rules and decorum, voting.

The faculty and students' union ensure that the students get enough exposure to constitutional values through activities like debates and discussions, open forums and talks by experts and thinkers.The main objective of the election was the formation of our Students Union who will manage the affairs of the Union under the guidance and supervision of the Principal, IQAC and other officials of our college.

The election of the official authorities of our College Union gave the students an opportunity to develop their talents for leadership skills.The lecturers and the professors of our college were appointed as the polling officers.

The students of the different streams and semesters assembled in different rooms on the election date. They collected the ballot papers from the polling officers and with proper marks on the suitable candidate's name in the ballot paper, they folded the papers and inserted it into the ballot box.A sort of democratic training was offered to the interested students
